

# GRE Contractor Requirements

---

Objective: To define requirements for potential contractors interested in doing work for GRE

To become a contractor for GRE you must:

- Be competent in GPS usage
- Have access to a GPS
- Have access to a camera
- Provide own transportation to site
- Be able and willing to hike or ATV to the location that the stake needs placed
- Be able to carry and place a stake up to a 4"x4"x5'.

GRE takes pride in staking their mining claims and payment will not be received until all requirements are met.

GRE requires a confidentiality agreement/non-compete and release of liability be signed by each staker.

The staking position is a contracted job for GRE.

Contractor will receive a number of GPS coordinates and will be responsible to place stakes at each given coordinate.

Payment is on a per stake basis, ranging from \$25-\$35 depending on the state.

GRE will reimburse fuel up to \$50 with receipt verification

Contractor will submit the staking photos and a report of the staking status. After the complete package has been submitted it will be reviewed for completion.

Compensation will be released upon verified completion of contracted work.
